1. DESCRIPTION

The PuntoGal Registry MUNICIPALITIES reserved list of names (see Appendix 1) will be released for registration on March 2nd 2015, 13:00 UTC.

The MUNICIPALITIES reserved list is being released by the PuntoGal Registry in order to allow registrations from public entities with a specific right to register the names contained in the Appendix 1. Only those entities with a specific right to register such names are entitled to apply.

Names contained in the MUNICIPALITIES reserved list will stay blocked until the Registry validates the rights of each individual registration. This Registry validation will normally be carried out on a weekly basis.

2. ELIGIBILITY AND NAME SELECTION

Domain names included in the Appendix 1 may only be registered by those entities that are unequivocally associated with the management of the Public Administration at the local level of the locality with such name.

3. VALIDATION

Registrations of the names contained in the MUNICIPALITIES reserved list of names are subject to a post-registration validation by the Registry.

Domain names contained in this list have no functioning services associated with them (web content, email, etc.) until the Registry considers the registration as valid.

The Registry will validate registrations of the MUNICIPALITIES reserved list of

names in a weekly basis. Registry may request registrants to provide more information if needed in order to validate the registrations.

Registry will remove any usage restrictions to valid registrations and will cancel not compliant registrations with no refund.

4. PRICE

Initial registration of the names contained in the Appendix 1 is set at €50 EUR. Additional years and renewals will be charged at the regular renewal price.

5. DURATION

The MUNICIPALITIES phase will start on March 2nd 2015 13:00 UTC and will end on March 2nd 2025 13:00 UTC.
